1 Rice Route
NORTH MARSHLAND

Duration: 3 h (on foot)
Distance: 11 km
Difficulty: low

Note: access to the marshland section is restricted during the hunting season (October–February).

A waymarked circular route with an information board, starting and finishing at the Rice Museum (Ctra. Nazaret-Oliva, next to the water park).

The route passes through rural paths among orange groves and rice paddies, with a gentle mountain section.

2 Rice Route
SOUTH MARSHLAND

Duration: 3 h 30' (on foot)
1 h 20' (cycle ride)
Distance: 10,7 km
Difficulty: low

Note: take care when crossing the railway line at the start and end of the route.

A waymarked circular route starting and finishing at *Calle de l'Arròs* (perpendicular to *Calle Corbera*, towards the Municipal Sports Hall).

The route follows rural paths through the rice paddies of the southern marshland, passing an old rice-drying

3 Castle 'Albacara' Towers

Duration: 40 min (on foot)
Distance: 1 km
Difficulty: low/medium

A path connecting the five towers of the albacara enclosure surrounding the Castle.

Starting at the *Reina Mora* Tower (1st bend on the *Calvario* path, on the ascent to the Castle on foot), the route follows a mountain trail.

There is an information panel at the starting point.

4 Lloma Footpath PR-CV 336

Duration: 3 h 55' (on foot)
Distance: 14 km
Difficulty: low/medium

Approved, waymarked circular trail. Starts and finishes on the Nazaret –Oliva Road (Saler Road), north of the cemetery. Information board at the starting point.

The route follows the *Camino del 2º Collado* to Dosser Beach and then to the Lighthouse. Opposite the Lighthouse, a path climbs to the mountain summit and the Castle. The return follows the *Camino del Calvario* downhill to the 2nd bend before leading back to the starting point.

5 Xúquer RIVER ESTUARY, southern beaches AND Estany lake

Duration: 3 h (on foot)
Distance: 9 km
Difficulty: low

A waymarked circular route starting and finishing at the roundabout beneath the Bega Bridge, beside the river (*Av. Marenyet*), where the information panel is located.

The route follows *Av. Marenyet* and, after approximately 150 m, turns towards the *Xúquer* estuary and Marenyet Beach before continuing to *Estany* Lake.

The return follows rural tracks alongside *Av. del Estany*, passing the Marenyet Tower before returning to the starting point.

6 Estany Lake Footpath

Duration: 1 h 15' (on foot)
15' (cycle ride)
Distance: 3,5 km
Difficulty: low

A waymarked linear route suitable for walking or cycling, except for the 1.9 km pedestrian-only section around the lake.

The route starts at *Cami de la Moleta*, where the information panel is located, and ends at *Estany* Lake.

It follows *Cami de la Moleta* to *Cami de Rabassades* and then continues along the Nazaret–Oliva Road (CV-605), where extra care is required, before reaching the *Entrada de l'Estudiant* and the lake.

7 Xúquer Cultural Landscape Route

On Foot or by bicycle
Waymarked linear route
Difficulty: low

The River Xúquer forms the backbone of the route, linking the towns of Cullera and Sueca.

The route reveals how the river has shaped the natural and cultural landscape, reflected in its use for irrigation, the development of the first mills and its role as a river port, among other features of interest.

Viewpoints

1 Estany Lake

A natural area south of the River Xúquer estuary, renowned for its rich flora and fauna.

A 1.9 km footpath leads to a viewpoint with spectacular views.

Access: Nazaret – Oliva road (CV-605) or via Av. Marenyet – Av. de l'Estany.

2 Island of Thoughts

Breathtaking panoramic views of Cullera Bay from the tip of the peninsula by the Lighthouse.

Access: *Calle Marqués de la Romana*, towards the seafront.

3 Cape Lighthouse

An esplanade overlooking the sea with sweeping views and a striking 2.5 m-high sculpture of two steel hands, paying tribute to democracy, freedom and resistance.

Access: *Calle Ermita*.

4 River Xúquer Estuary

A viewpoint offering magnificent panoramic views of Cullera's northern and southern coastlines on either side of the River Xúquer, where visitors can watch fishing boats coming and going in the afternoons (from 4 p.m.), as well as sailing boats, jet skis and other watercraft. Suitable for fishing.

Access: *Av. del Puerto* or via the shoreline.

5 Alto del Fuerte

A viewpoint at an altitude of 210 m, beside the Carlist fort. It offers panoramic views of the old town, the coastline as far as Dénia, the *Sierra de Corbera*, *Montdúver*, *Montgó* and the whole of the Ribera Baixa region.

Access: *Replà de Sant Antoni* Street or via a footpath from the rear of the Castle.

6 The Castle

A viewpoint on the Castle esplanade offering panoramic views of the whole of Cullera Bay, the River Xúquer, the rice fields, the market gardens, Estany Lake and the historic town centre.

Access: on foot via the *Camino del Calvario*, or by car or tourist train via the beach area (*Calle Replà de Sant Antoni*).

7 Saints of the Stone Hermitage

The hermitage enjoys beautiful views over the surrounding rice fields and marshland. It also houses the Rice Museum.

Access: Nazaret–Oliva Road, km 33, via *Calle Ermita dels Sants de la Pedra* (next to the water park).

8 Dosser Viewpoint

Located north of the Lighthouse, it features a mermaid sculpture and offers views of the extensive Dosser Beach and its dune system to the north, as well as magnificent panoramic views of the Cullera Lighthouse to the south.

Access: Faro Road, beyond the *El Faro* district and the lighthouse, on the right-hand side.

9 Bassa de Sant Llorenç

A small lagoon surrounded by reeds and bulrushes, located within the Albufera Natural Park and forming part of the 'Xarxa Avista' network.

It features a bird hide, a boardwalk and a viewpoint, offering excellent opportunities to observe both migratory and resident waterbirds.

Xarxa Avista

The 'Xarxa Avista' network of birdwatching viewpoints and observation points in Cullera features four birdwatching sites in different natural settings, each equipped with information panels.

Open for birdwatching all year round.

1. Cullera Lighthouse
2. Bassa de Sant Llorenç
3. Dosser Dunes
4. Estany Lake

Blue Trails

Cap de Cullera

Duration: 30–45 min (on foot)
Distance: 2 km
Elevation change: < 40 m
Difficulty: low

It forms part of the 'Xarxa Avista' network.

The route follows the rocky cliffs around the Lighthouse, unique in the province of Valencia, from Dosser Beach to Island of Thoughts.

It links three Blue Flag beaches and is ideal for birdwatching, with waymarking and information panels along the route.

Cullera Beach & Estany Lake Footpath

Duration: 50 min (on foot)
Distance: 3.3 km
Difficulty: low

It forms part of the 'Xarxa Avista' network.

A footpath of outstanding environmental and scenic value, featuring a lake, rich flora and fauna, and an area with a long tradition of fishing.

Alt del Fort

Duration: 30 min (on foot)
Distance: 2,8 km
Difficulty: medium

A footpath linking Cullera's historic town centre with the ruins of a 19th-century fort in the *Serra de les Raboses*.

It forms part of the 'Xarxa Avista' birdwatching network.

The route begins at the upper end of *Plaza de la Virgen* and climbs along the *Calvario* Way of the Cross to *Alt del Fort*, where the remains of a 19th century Carlist fortification can be seen. The fort was built to watch over the coast and the River Xúquer.

From here, there are magnificent views of Cullera Bay, the Mediterranean, the rice fields and the Xúquer estuary.
